

**A GEM.**  
Into my heart a silent look  
Flashed from thy careless eyes,  
And what before was shadow, took  
The light of summer skies.  
The first born love was in that look  
The Venus rose from out the deep  
Of those inspiring eyes.  
My life, like some lone solemn spot  
A spirit passes o'er,  
Grew instinct with a glory not  
In earth or heaven before;  
Sweet trouble stirred the haunted spot,  
And shook the leaves of every thought  
Thy presence wandered o'er.  
My being yearned and crept to thine,  
As, in times of yore,  
Thy soul had been a part of mine  
Which claimed it back once more;  
Thy very self no longer thine,  
But merged in that delicious life  
Which made us one of yore!  
There bloomed beside thee forms as fair,  
There murmured tones as sweet,  
But round thee breathed the enchanted air  
'Twas life and death to meet;  
And henceforth thou alone wert fair,  
And though the stars had sung for joy,  
They whisper only sweet.  
The last reason why Jenny  
Lind will not sing at Pittsburgh, says  
the Wheeling Gazette, is that her  
reputation is so high she can't get it  
under the bridge.  
Pa isn't that man in what is  
called the spring of life?  
"Why, my son?"  
"Because he looks so very green."  
George Coleman getting out  
of a hackney coach one night, gave  
the driver a shilling.  
"This is a bad shilling, sir," said  
the driver.  
"Then it is all right," said  
George, with his inimitable chuckle,  
"it's all right—yours is a bad coach."  
"The Moon," said a tetotalter,  
"is quite one of our sort, she lets  
her moderation be known to all men,  
and only fills her horn once a month."  
Incidentally Happy!—In one of  
Addison's plays, the undertaker re-  
proves one of his mourners for laughing  
at a funeral, and says to him:  
"You rascal you! I have been raising  
your wages for these two years, and upon  
condition that you would appear more sor-  
rowful, and the higher wages you receive,  
the happier you look."  
An ardent sensibility to the impres-  
sions of great virtues and abilities, ac-  
companied with a generous oblivion of  
the little imperfections with which they  
are joined, is one of the surest indica-  
tions of a superior character.  
The mind has a certain vegetative  
power which cannot be wholly idle.—  
If it is not laid out and cultivated into  
a beautiful garden, it will of itself shoot  
up in weeds or flowers of a wild  
growth.  
The greatest pleasure of life is love,  
the greatest treasure, contentment; the  
greatest possession health; the great-  
est ease, sleep, the best medicine, a true  
friend.  
Melancholy was reproached by some  
one for changing his views:  
"Do you think sir," replied he, "that  
I have been studying assiduously for  
thirty years without having learned  
anything?"  
If you would never have any ene-  
mies, never recognize any as such.—  
Treat all as friends and they will be  
compelled to treat you the same way.  
There is nothing like a fixed steady  
aim, with an honorable purpose. It  
dignifies your nature and insures you  
success.  
Without friends the world would be  
a wilderness.

**TO THE PUBLIC!**  
The introduction of Dr. John Bull's un-  
equalled Sarsaparilla, has formed an era in the  
medical world. Its rise, progress, and the  
many wonderful cures it has effected, since it  
was introduced to the public, have been a sub-  
ject of great astonishment, and even com-  
manded the admiration of the American people.—  
When the history of this truly wonderful medi-  
cine is known, together with the extraordinary  
exertions made by Dr. Bull, to make it the  
most valuable compound of Sarsaparilla known  
to the world, its rapid and unprecedented  
rise and progress, will no longer be a theme  
of astonishment.  
Twenty-six years since Dr. Bull, then a boy,  
came to Louisville, and was employed for a  
number of years in studying the business of  
an Apothecary, with Messrs. Byers & Butler,  
Dr. T. E. Wilson, and the lamented Dr. George  
Jr., After leaving the service of Dr. Wilson,  
Dr. Bull was employed by Dr. F. Scorch, an  
old and celebrated German Physician, who  
city, and for many years a Surgeon in the  
Grand Army of Napoleon. Dr. Scorch,  
during his life, made a fluid Extract of Sarsa-  
parilla for the especial use of the physicians  
of this city, and which was considered at that  
time by far the most superior article made.—  
Dr. Bull was employed by Dr. Scorch, in com-  
pounding this celebrated Sarsaparilla, and he  
then conceived the idea and finally de-  
termined (seventeen years since) to introduce  
at some future period, for the consideration of  
the afflicted, a preparation of Sarsaparilla.  
Since that time his mind has been constant-  
ly employed in studying the ingredients, and  
experimenting to find a complete, safe, and  
valuable compound of Sarsaparilla, such a one  
as would be acknowledged by physicians as  
superior to all others. For this purpose he has  
sifted with demonstrations of joy. By close  
and unremitting study, he at last succeeded in  
gaining the desired end. His extract having  
been several years before the public, and its  
merits completely tested, he confidently ap-  
peals to the thousand certificates of its won-  
derful cures, and hence for its great superi-  
ority over all other similar compounds. It is  
therefore a matter of no surprise, that the  
reaction is frequently asked—"Why does Dr.  
Bull's Sarsaparilla continue to advance rapidly  
in the favor and confidence of the public,  
when all other similar preparations, which  
have preceded his, has been cast aside as un-  
worthy of the slightest notice?" Though it is  
not required yet this question is easily an-  
swered. Dr. Bull has not worked alone for  
pecuniary preferment; gain has not been his  
sole object; he has labored higher and a nobler  
and constantly in view—that of relieving the  
sufferings of his fellow-creatures. Unlike  
those who compound a good article for a short  
time that they may gain a reputation, and  
having attained the object of their wish, re-  
duce their article, by leaving out its most val-  
uable ingredients, to a worthless mixture, in  
order to accumulate wealth, Dr. Bull has con-  
tinued to use the costly ingredients, which  
his long study and experience enabled him to  
discover, and which has been of such invalu-  
able service to suffering humanity. He seeks  
to gain an unspotted reputation, not only for  
himself, but also for his renowned Sarsapa-  
rilla, and is a fact worthy to be recorded, that  
every gallon of the Sarsaparilla sold by Dr.  
Bull is made with his own hands and under  
his immediate supervision. For several  
years past he has been daily experimenting  
in administering his mixture, without charge,  
to patients pronounced incurable, and to his  
terrenal fame be it recorded, his efforts have  
been crowned with the most wonderful success.  
His Sarsaparilla has now gained such a wide-  
spread reputation, and been established upon  
such a solid basis, that he is firmly satisfied  
of its undoubted merit, and confidently as-  
serts, the combined Medical skill of Europe  
and America to produce, out of Sarsaparilla,  
a superior to his Fluid Extract.  
Dr. Bull would here like to introduce a few  
of the many testimonials of the wonderful  
effects of his Sarsaparilla, but to publish the  
one quarter of the astonishing cures effected  
by the use of this truly great medicine, would  
require a volume of five hundred pages, and  
the Doctor has to be satisfied by offering the  
opinions of a few distinguished men, believ-  
ing that these opinions will be sufficient to  
induce all who are afflicted to give Bull's sa-  
rsaparilla a trial.  
**TESTIMONIALS.**  
Rev. E. W. Schen—Rev. E. Stevenson.  
The following is a verbatim copy of a cer-  
tificate now in the possession of the prop-  
rietor of Bull's Sarsaparilla. Rev. E. W. Schen  
is widely and generally known as an eloquent  
and accomplished Pastor of the M. E. Church,  
and Rev. E. Stevenson has been known as one  
of the most talented and zealous members of  
the Ky. Conference could boast of for many  
years—and at this time is filling the high and  
responsible station of Agent for the M. E. Book  
Concern. Can the world produce better, or  
more satisfactory testimony in favor of any  
medicine?  
Louisville, May 20, 1849.  
We have used John Bull's Sarsaparilla, and  
have known it to be used with entire satis-  
faction; and we have no hesitation in stating  
that we believe it to be a safe and valuable  
medical compound, and calculated to produce  
much good, and relieve much suffering; and  
therefore, would cheerfully and most earnestly  
recommend it to the afflicted.

**TESTIMONY** like the following, renders  
superfluous all comments on the efficacy of  
Bull's Sarsaparilla.  
From Dr. L. F. Yandell, Prof. of Chemistry  
in the Louisville Medical College.  
"I have looked over the list of ingredients  
composing John Bull's Compound Extract of  
Sarsaparilla, and have no hesitation in saying  
that they form a safe compound, and one that  
promises well in chronic diseases, to which it  
is applicable." L. F. YANDELL, M. D.  
Louisville, June 6, 1850.  
**BETTER TESTIMONY** than was ever ef-  
fered in favor of any Medicine,  
From Dr. James M. Moore.  
Mr. JOHN BULL: I have no hesitation in say-  
ing that I believe your Sarsaparilla to be the  
best article ever manufactured for the cure of  
Scrofula, Syphilis, and many other Cutaneous  
and Glandular Affections, having used it with  
entire success in a number of the above cases.  
Louisville, Dec 26 50 J. M. MOORE, M. D.  
What Dr. Pyles, Physician by appointment,  
to the Louisville Marine Hospital, says of  
Bull's Sarsaparilla:—  
Louisville, March 20, '49.  
I have examined the prescription for the  
preparation of John Bull's Sarsaparilla, and I  
believe the combination to be an excellent  
one, and well calculated to produce an altera-  
tive impression on the system. I have used  
it both in public and private practice, and  
think it the best article of Sarsaparilla in use.  
M. P. PYLES, Resident Physician at the Loui-  
sville marine hospital.  
More testimony from Dr. Moore.  
Dr. Bull: I am using your Sarsaparilla in  
several new cases of Scrofula, and with happy  
effect. I am now confident it is one of the  
most efficacious medicines that can be made  
for that disease.

**Rheumatism Cured!**  
THE unequalled success which has at-  
tended the use of MORTIMORE'S RHEU-  
MATIC COMPOUND AND BLOOD PURI-  
FIER, in effectually curing the severest and  
most inveterate cases of INFLAMMATORY  
AND CHRONIC RHEUMATISM, is a suf-  
ficient guarantee and recommendation to in-  
duce all who are afflicted with this dreadful  
disease to try its virtues.  
Hundreds of cases, many of them citizens  
of St. Louis and others from abroad, have  
been cured within the last few months in the  
city of St. Louis alone, while letters from  
agents abroad show, also, that it is perform-  
ing the same wherever tried. Many of those  
were Chronic cases of long standing, and all  
hope of recovery had been given up. While  
others were of more recent date; of the acute  
inflammatory form, very severe. All how-  
ever, yielded to the wonderful virtues of this medi-  
cine, and the hands who have realized its  
benefits, and are now in the enjoyment of  
health, can but extol the original discoverer  
and proprietor, a benefactor of mankind.  
It is well known from the experience of the  
past, that no outward application can possibly  
effect a permanent cure of this dreadful dis-  
ease. By the application of stimulating lin-  
iments partial relief in some cases, may be  
obtained for a short time. But all the while  
the disease is fixing its grasp more perman-  
ently in the system, and sooner or later will  
again develop itself in a more dreadful form,  
and after a few periodical returns, it settles  
into a chronic form, which, if not soon ar-  
rested, ruins the individual for life. This is  
verified by the history of the past in all countries,  
and more fully demonstrated by the history  
furnished of late to the proprietor of this Com-  
pound, as given by several hundreds of those  
who have passed under his immediate notice  
and treatment during the last few months.  
MORTIMORE'S RHEUMATIC COM-  
POUND AND BLOOD PURIFIER is an in-  
ternal remedy—commences its operations  
where the disease first originates, and in pu-  
rifying the blood passes through the whole  
system, neutralizes the impure, or acidized  
humors, which has settled upon the muscular  
fibres and tendons—removes it entirely from  
the system, and restores the individual to  
perfect health.  
Let those who are afflicted not deceive  
themselves, and put off the use of this medi-  
cine too long, or until their limbs are disor-  
dered or contracted to such a degree that they  
are crippled for life. The experience of hun-  
dreds of thousands during the past, as well as  
a multitude at the present day, demonstrates  
the utility of expecting permanent relief from  
external application.  
The proprietor of this valuable medicine  
knows, from experience, that no outward ap-  
plication can possibly effect a permanent cure,  
where this disease is firmly fixed in the sys-  
tem. He can and does prepare and apply ef-  
fective relief in very acute cases, which will give  
relief in one hour's time, but this will not  
effect a permanent cure. The nature of this  
disease is such that it requires longer time,  
and an internal remedy, to produce the de-  
sired effect, and Mortimore's Rheumatic Com-  
pound and Blood Purifier is the only remedy  
that has ever been discovered, either in Amer-  
ica or any other country, that will effectually  
cure this disease.  
The medicine can be had, wholesale or re-  
tail, at the Medical Depot, corner Third and  
Vine sts., opposite Barnum's City Hotel, St.  
Louis, Mo.  
Price—\$5 00 per bottle; 6 bottles for \$25  
or \$12 per dozen.
